

Workday Named a Leader in Gartner Magic Quadrant for Cloud HCM Suites for Midmarket and Large Enterprises **Positioned as a Leader for Third Year in a Row, Achieved Highest Overall Position for Ability to Execute**

PLEASANTON, Calif., Aug. 22, 2018 (GLOBE NEWSWIRE) -- [Workday, Inc.](#) (NASDAQ:WDAY), a leader in enterprise cloud applications for [finance](#) and [human resources](#), today announced it has been positioned by Gartner, Inc. in the Leaders quadrant of the [Magic Quadrant for Cloud HCM Suites for Midmarket and Large Enterprises](#)<sup>1</sup>. Workday was acknowledged as a Leader for the third year in a row and positioned the highest for overall ability to execute.

Organizations increasingly rely on [Workday Human Capital Management \(HCM\)](#) to help drive employee productivity and engagement, uncover richer workforce insights, and keep pace with evolving business needs. With more than 70 percent of its 2,200-plus customers live and a customer satisfaction rating of 98 percent, Workday continues to deliver the vision and innovation global organizations need to stay competitive, with new developments that enable:

- **Greater Openness and Extensibility to Run Their Unique Businesses :** Workday continues to create broader levels of [openness](#) for customers by extending Workday into other environments and applications. With the [Workday Cloud Platform](#), early adopters are currently building and deploying applications, paving the way for other customers and partners to leverage APIs and Workday tools in the future. And through a [partnership with Slack](#), Workday is helping people further connect and collaborate more intuitively in their natural workspaces.
- **More Intelligent Technologies to Create a Seamless Experience for Employees:** Workday is creating more intelligent tools to simplify tasks and improve the overall employee experience. This includes development of a conversational interface—Workday Assistant—using natural language processing capabilities to provide real-time information, recommendations, and best practices to workers all while they are working on their daily business content and transactions. Workday will also deliver a new [people experience](#) to enable a more connected, personalized, and engaging digital experience. In [Workday Learning](#), forthcoming machine learning-driven media transcription enhancements will improve accessibility, comprehension, and video search for users.
- **Increased Global Capabilities to Drive Expansion:** The Workday customer community—representing more than 31 million workers worldwide—continues to realize business value using Workday applications across more than 200 countries and in more than 30 languages. As its customer community and worldwide presence grows, Workday continues to advance its global capabilities through initiatives such as the [Workday Global Payroll Cloud](#) program, where customers can select the right local payroll providers for their needs while reducing the costs and time associated with deploying, integrating, and managing third-party payroll solutions. Workday currently has 20 global payroll partners that provide certified integrations covering more than 127 countries.

“We believe that Gartner’s positioning of Workday as a cloud HCM Leader for the third consecutive year demonstrates the level of innovation and support that we provide to customers around the world—proven by our 98 percent customer satisfaction rating,” said Cristina Goldt, vice president, HCM products, Workday. “Some of the largest organizations globally—including *Fortune* 50 and *Fortune* 500 companies—use Workday due to our longstanding ability for getting customers live and realizing value quickly. We look forward to continuing to partner with our customers to deliver the technology and experiences that exceed their expectations, while helping to further business growth and success.”
