

Workday Launches in Mexico

New Office Will Support Local and Multinational Customers' Shift to the Cloud in the Changing World of Work

MEXICO CITY, June 16, 2020 (GLOBE NEWSWIRE) -- [Workday, Inc.](#) (NASDAQ: WDAY), a leader in enterprise cloud applications for [finance](#) and [human resources](#), today announced that it is expanding operations into Mexico, with Guillermo Reynoso as the new country manager. Services partners are ready to assist Workday deployments in the country.

The world of work is changing more quickly and significantly than ever, with global organizations – including those in Mexico – facing new realities that require them to respond and pivot in a moment's notice. To do this, they need technology systems that enable them to be agile and provide real-time finance and HR insights so they can make more informed decisions about their future. With a growing community of more than 3,200 customers, Workday provides organizations with a flexible, cloud-first system that helps them plan, execute, analyze, and extend, all in one system powered by machine learning.

Customers in Mexico have selected Workday for unique benefits, including:

- **A Highly Engaged Community** – New customers will join more than 250 local and multinational organizations that are currently deploying Workday in Mexico, including HP Inc., GE, Nissan, and Santander. As part of the collaborative Workday community, customers share ideas and best practices, and actively engage with product teams on the next innovations.
- **A Commitment to Customer Satisfaction** – As a trusted partner that is committed to supporting customers in this changing world, Workday understands the importance of getting organizations live and helping them realize the value of a cloud system. Due to this intensive focus on customer success, Workday has consistently achieved an industry-leading customer satisfaction rating over 95 percent, with a 97 percent customer satisfaction rating in its latest survey, and more than 70 percent of customers live.
- **One Unified System** – As businesses adapt to changing conditions, the need for an intuitive platform that ties finances, people, and plans together in one version of truth is more important than ever. The unified suite of Workday products, including [Workday Financial Management](#), [Workday Human Capital Management \(HCM\)](#), [Workday Adaptive Planning](#), [Workday People Analytics](#), [Workday Prism Analytics](#), and [Workday Professional Services Automation](#), empowers customers with one cloud system that provides the real-time insights needed to drive their businesses forward.

Comments on the News

"Organizations in Mexico are navigating an increasingly dynamic business environment, which requires an agile system that enables them to respond as the demands on their businesses rapidly evolve," said Chano Fernandez, co-president, Workday. "With more than 250 local and multinational customers already utilizing Workday in Mexico, we have a strong foundation to welcome new customers to the Workday community who want to drive their business transformations in the cloud – with one unified system to plan, execute, analyze, and extend across the enterprise."

"Organizations that can accelerate their digital transformations will remain several steps ahead in an increasingly competitive and rapidly changing global environment," said Jorge Castilla, general manager, Accenture Mexico. "To outmaneuver uncertainty, businesses in Mexico need to tap into the cloud for its inherent flexibility and scalability, in order to build more resilient systems. Workday can help meet these needs with its unified applications for financial management, planning, and human capital management, and Accenture looks forward to building on our long-standing global relationship to serve our local clients in Mexico."

"Through our global collaboration with Workday, our focus is on helping companies become fully digital, data-driven organizations," said Raul Garcia, managing director of human capital, Deloitte Consulting, LLP. "We look forward to continue delivering services that will help our customers in Mexico realize the potential of the cloud and harness the value of Workday's finance and HR platform so they can drive business impact and accelerate innovation."
